Required _____

THE COLORADO PROGRAM

The Colorado State Forest Service tree program enables landowners to obtain trees at nominal cost. The program's aim is to encourage landowners to plant new forests; establish effective windbreaks to reduce erosion, protect homes, cropland, livestock and highways; and enhance wildlife habitat. Our trees and shrubs are grown for their conservation benefits.

Ornamental qualities such as color, degree of flowering, fruit production and others are not guaranteed.

Contact your local nursery for ornamental needs.

PLAN BEFORE YOU PLANT

For planting plan assistance, contact your County Extension Agent, Natural Resource Conservation District, or Colorado State Forest District office. These offices can provide information on windbreak planning, tree planting and care.

This nursery stock is produced and distributed by the Colorado State Forest Service Nursery. All CSFS programs are offered on a non-discriminatory basis, without regard to race, color, national origin, religion, sex, marital status, or handicap.

Small Trays

- 21" x 11" x 6"
 - Sold in trays of 50
- Individual tube size**
- 5" x 2"
